LEGEND

Trash Collection (every week)

Recycling Collection (every other week)

Holiday (No pickup that day)

- Shaded days are the pick-up days for Trash/Recycling.
- **Pick-up Time:** Collection begins as early as 5:00am. We recommend placing your material at the curb the night before to avoid missing your service.

RECYCLING GUIDELINES

POST IN YOUR RECYCLING AREA

Recycling is picked up every other week. See reverse for calendar.

SINGLE STREAM - OK TO RECYCLE

GLASS

- GLASS BOTTLES AND JARS
- GLASS FOOD CONTAINERS
- GLASS BEVERAGE CONTAINERS

- MIRROR OR WINDOW GLASS
- FULL CONTAINERS
- STYROFOAM
- WOOD

- HAZARDOUS WASTE
- PAINT
- AUTOMOTIVE FLUIDS
- BATTERIES

- PESTICIDES
- DIAPERS
- PERSONAL HYGIENE ITEMS
- SYRINGES AND NEEDLES

- SCRAP METAL
- CERAMICS
- LIGHT BULBS
- LIQUIDS
- ELECTRONICS

GARBAGE - DO NOT RECYCLE

A NOTE ABOUT SANICO

Sanico Inc. has been awarded a 5 year contract to service the Borough of Lebanon's garbage and recycling from 2025-2029. Sanico is a family owned company based in Warren County, New Jersey. We have been servicing the residents and businesses of New Jersey and Pennsylvania for over 50 years and we are thrilled to be adding Lebanon to our growing list of happy customers!

WHATS NEW FOR 2025?

The Borough has decided to switch to a more modern automated method of collecting garbage and recycling. All residents will be issued Sanico branded carts like the one pictured above - 1 for garbage and 1 for recycling. These carts are mandatory as they are specially designed to interface with the truck. Cardboard should be placed inside the recycling cart as much as possible, and any overflow can be bundled and placed next to the cart on collection day. Carts will be delivered by the end of February, in the mean time continue to use your existing containers.

A NOTE ABOUT SINGLE STREAM

Single Stream recycling means you can mix all your recyclables together in one cart. The material is brought to a very sophisticated facility that sorts everything back into separate "streams" where it can be re-used to make new items. This method of recycling is great because it offers households and businesses a much more convenient way to recycle. However, in recent years the rising levels of "contamination" (people throwing improper items into their recycling can) has contributed to a global collapse of the recycling market. **WE NEED YOUR HELP!** It is imperative to abide by the recycling rules listed above. We may be unable to pick up your recycling if high levels of contamination are present! If its not on the approved list - **"When in doubt, throw it out!"**
