FROM THE MAYOR

Hello Friends and Neighbors,

What an awesome summer in Lebanon! We had our annual 4th of July parade celebrating its 75th Anniversary (see update on page 3). We also participated in the first Hunterdon Games where 8 area towns competed in various fun events (see page 14 for more details). The picture on the cover is all the competitors from the towns that competed.

We also had a nice Saturday morning walk at the Windy Acres Trail just outside our town border in Clinton Township. We are planning another walk on October 22nd (see page 17 for details).

We have a lot of fun events planned for the fall including our 2nd annual music in the park on October 8th. The Rec Committee is also looking for Lebanon Borough haunted house stories and will do a fun event with them (see page 16 for details).

Welcome to Greg Crawford, our newest councilman! He was sworn in during our August meeting and will replace Joe Cortese, who has moved out of town. We thank Joe for his service to Lebanon.

As always, if you have any suggestions, comments or questions please do not hesitate to reach out to me.

All the Best,

Jim Pittinger

JULY 4TH PARADE INFO

Lebanon 4th of July Parade News

The tradition continues...

Dozens of volunteers helped make Lebanon Borough's landmark 75th Anniversary 4th of July Celebration an unforgettable occasion. Planning is already underway for next year's Celebration, and we hope you'll join us.

The Lebanon 4th of July Parade Committee meets at 7:30 pm at Borough Hall on the last Wednesday of each month, beginning on January 25th, 2023, through our final, pre-Parade meeting on June 28th, 2023. All are welcome to attend to contribute their ideas, their concerns, and/or their time and energy – or just to listen. In the meantime, here are three early ways you can help us hit the ground running for next year's celebration. Please respond by December 2.

Send us your suggestions for next year's 76th Anniversary Celebration theme.

We'll announce the winning theme in the Winter edition of the Lantern along with a call for logo design suggestions based on that theme.

We'll announce the winning logo design in the Spring edition of the Lantern.

The winning theme and logo design will appear on parade communications, the parade program, parade promotional material, and parade souvenir items. The submitter(s) of the winning theme and/or logo will be featured in the parade program and given an opportunity to be part of the parade itself.

Tell us how you feel about commemorative items for next year.

Engraved mugs or printed mugs?

Commemorative T-shirts available for pre-order?

Commemorative T-shirts available for pre-order in children's sizes?

Suggestions for additional commemorative items?

Send us your ideas for making next year's parade and celebration a standout.

What type of "units" do you want to see more of in the parade?

What games and activities should we offer at the picnic?

What food should we offer?

To share your responses to these questions and your ideas for the 2023 Celebration, or to be added to the Lebanon 4th of July Celebration Committee email list, email Committee Chair Sam Berger at sberger56@aol.com.

LEBANON HISTORY

These interesting Hunterdon County Facts are courtesy of John Kuhl, County Historian. Mr. Kuhl developed a list of 300 facts for the 300th Anniversary of the County. A few have been selected for this issue. The full list can be found by searching for 300 Fun Facts about Hunterdon.

Did you know it took nine years completed in 1975 to fill Round Valley Reservoir? The reservoir covers over 2,300 acres and holds up to 55 billion gallons. All the water was pumped three miles up hill from the South Branch of the Raritan in Hamden.

Did you know since its opening there have been 25 drownings in Round Valley Reservoir. The deep, dark cold waters make recoveries very challenging and rare. A naval bathysphere failed to locate any of the bodies.

The Pratt Pony Truss Bridge in Clinton is the longest and only multi-span bridge of its type. The designer was F.C. Lowthrop and the fabricator was William Cowin. Lowthrop spent his youth in Lambertville. Corwin's iron business was also there. There are two other Pratt bridges in the county. One is in Glen Gardner and the other is in New Hampton. The Clinton Red Mill is the most photographed mill in America.

Glen Gardner was named after the Gardner brothers who obtained a patent (127045) in 1872 for a type of plywood chair seat. Their factory eventually grew to 700 employees. Their chairs are collectible and show up from time to time. The village was previously named Sodom. Don't ask.

As you drive west on Main St. in Clinton, on your way to Walmart, on your right is a large building right up against route 78. This is the historic Bonnell's Tavern owned by a Revolutionary War militia captain. The building is still owned by a Bonnell, the ninth in the family line to own it. It is currently under extensive restoration.

The Green Sergeants bridge in Sergeantsville is the only remaining covered bridge in New Jersey.

LEBANON LIMELIGHT

Each edition, Lebanon Limelight, will highlight one of our residents and share personal insights about them and their lives...

Vincent Scarponi

How long have you lived in Lebanon Boro?

I have owned the funeral home in Lebanon since 1978. I grew up in Bridgewater, NJ and lived at my funeral home in High Bridge initially. In 1985 when my daughter was born, we moved to Lebanon Borough.

What do you enjoy most about living in Lebanon Boro?

I have always been an avid outdoorsman. As a kid, I loved hunting, fishing and just being outdoors. Over the years, I started diving more, both Scuba and Mk V hard hat diving. I have owned two funeral homes for 44 years, and could never go far from the business, I was always happy being home and going to Round Valley Reservoir to go fishing and diving. Among being involved in many organizations, I have also been on the Lebanon Borough Fire Company since the late 1980's. I have been a parishioner at St. Joseph's Catholic Church in High Bridge since 1978 as well.

I always wanted to be a funeral director in a small town, and I feel that my dream has been fulfilled.

What is something that people would be surprised to learn about you?

Something that people would probably be surprised to learn about me is that I was a plumber before I became a funeral director.

What is your favorite movie?

My favorite movie is *Zombies of the Mora Tau*. I love old movies.

What is your favorite way to spend the day?

My favorite way to spend the day is home with my granddaughters, Gabriella and Lucia.

Furthest place traveled from where you grew up?

The furthest that I have traveled was to Iceland. It was before I got my funeral directors license when it was easier for me to travel.

What is your hope for the future?

My hope for the future is to have a great place for our children and grandchildren to grow up.

What is the biggest principal you live by?

The biggest principal that I live by is to always do my best and treat others the way I want to be treated.

What is your favorite meal?

Everyone knows my favorite meal is a rare steak and potatoes. Simple!

What is your favorite vacation?

Having the two funeral homes, vacations have not been easy to take, so my favorite vacation I ever took was when I was younger my friends and I went on a road trip to Colorado to go hunting. I still tell those stories to my friends and family to this day.

What is the most memorable moment in your life?

Besides the obvious of my daughter and granddaughters being born, a memorable moment in my life was going to Tennessee as a kid to visit my great-grandparents. I can remember driving through a creek to get to their house.

Another thing that was memorable was being the oldest grandson in an Italian family, my grandmother would take me to all the viewings and funerals as a young boy. I was also an Alter Boy at Holy Trinity Church in Bridgewater and loved being able to get out of school to serve at a funeral mass. I guess those experiences shaped the rest of my life.

What is your favorite childhood memory?

My favorite childhood memory was going down the shore with my Dad and brother to my Dad's boat to go fishing.

What is on your bucket list?

As far as a bucket list, I would love to get back in the water and go diving. Ever since I was diagnosed with cancer in 2020, I haven't been able to do as much as I would like but it has taught me that every day is a gift!

If you would like to be featured or can suggest someone to be featured in the next edition of Lebanon Limelight, please email

lantern@lebanonboro.com
with subject line- Limelight.

EMERGENCY SERVICES

Season's Reasons

Now that the summer season is trending to the fall there are some important issues that we must consider. For homeowners the To Do List has to include preparations

for the fall season's hurricanes i.e., Northeasters that present a myriad of serious issues.

First, are the trees that gave us the summer shade and pleasant green landscape that may threaten loss of electrical power and/or structure damage due to high winds. Now is a good time to survey for suspected tree conditions and address same for piece of mind during those blustery winds. Incidentally, you have probably seen the NGG Bucket trucks trimming our trees in Lebanon Borough as a JCP&L Company outage control program.

While on the subject of trees, remember

leaves can stop up gutters and leaders on your home. Keep an eye on these to lead water away from your home's basement wall that can cause cracks, leaks and flooding.

Another fall season activity is to check directed vents to the outside. These are found where clothes dryers, furnaces and the like are utilized to safely dispel exhaust. These vents seem to be a preferred place for insects and birds to build webs and nests to create carbon monoxide deadly problems, check and clean.

In conclusion, with the cost of fuel for your automobiles, when temperatures fall and the tires on the car deflate, inflate them to their highest rating to maximize your mileage, and incidentally a better wear factor for cost savings.

While on the subject of cost saving, I suggest you replace your blown light bulbs with LED units, "Light Emitting Diode" that will cost more at purchase but will last longer and use less electrical power.

EMERGENCY SERVICES CONT'

South Branch
EMERGENCY SERVICES

South Branch Emergency Services is Poised to Exceed 2021's Response Numbers

- Interested in an exciting and important way to serve your community? Join us!
- Emergency and non-emergency volunteers are needed.

No experience necessary. Training is free to members!

It's been a busy year for South Branch Emergency Services (SBES) so far. As of the end of June – the mid-point of 2022 - we had responded to 2,412 calls, putting us on track to surpass last year's total of 4,543 calls. This would continue an ongoing, upward trend in the number of times we are called for help. We provide emergency medical care, rescue services, or hospital transport in the Town of Clinton, Clinton Township, Lebanon Borough, High Bridge Borough, Hampton Borough, Glen Gardner Borough, and portions of Franklin, Union, Bethlehem and Tewksbury townships.

Our call volume continues to grow for three main reasons:

1. More people have moved into our service area.
2. The population we serve is aging.
3. Our service area has expanded.

The former Clinton First Aid & Rescue Squad and the former High Bridge Emergency Squad merged in 2020 to form SBES. Hampton Emergency Squad and SBES merged in January 2021. Note: Because South Branch – and before it existed, Clinton First Aid – provided weekday, daytime service to Hampton and High Bridge for decades, pre-merger stats already include calls from those areas.

Volunteers and career staff work together to provide high-quality emergency care 24 hours a day, every day. More volunteers are needed NOW, and you could be one of them! We provide free, comprehensive training that allows members to become EMTs, rescue associates and water rescue associates. Emergency medicine and rescue not for you? No problem! Whatever your skills and talents, we need them to help run our organization!

Learn more or reach out about joining at sbes365.org.

IT'S TIME TO ADD "CLOSE YOUR DOOR" TO YOUR FIRE SAFETY CHECKLIST

You know how important it is to have working smoke alarms, escape plans, and a designated meeting place in case of a fire. But did you know that closing your doors in your home is also important for your safety? Closed doors can reduce fire growth, limit damage to your home, keep temperatures down, and can even save your life if you become trapped.

DID YOU KNOW?

Because of synthetic materials, furniture and construction, fire spreads faster than ever before.*
*NFPA Technical Note 1455-1, February 2008

MAKE A 900 DEGREE DIFFERENCE - A closed door can mean reducing 1,000 degrees down to 100 degrees.

TAKE IT DOWN A NOTCH - During a fire, a closed door can keep carbon monoxide levels at 1,000 PPM versus 10,000 PPM if the door is left open.

TAKE A BREATH - A fire needs oxygen to burn. A closed door keeps more oxygen in the room and away from the fire. When you exit a fire, make sure to close your door behind you to slow down its growth.

DOZE SAFELY - 50% of house fires happen between 11 p.m. and 7 a.m. Closing your doors before you hit the hay helps keep you safe.

Learn more at closeyourdoor.org

LEBANON BOROUGH FIRE COMPANY NEWS

908-236-2792

sta18fire@yahoo.com

It has been a busy summer for the LBFC. With record breaking temps and drought conditions, we have been exceptionally busy. We wish you and your family a happy and safe Fall 2022 and wish all children going back to school a healthy 2022 school year. Please remember to remind your child(ren) if they hear the whistle blow to get back on the sidewalk and out of the road.

SCHOOL UPDATES CONT'

Lebanon Borough
SCHOOL DISTRICT

Our school year promises to be another positive and successful journey for our students, staff, and families. Barring any unforeseen changes from the governing bodies, we are looking at what would have been considered a "normal" school year several years ago. We start this year with no new staff members hired. We are fortunate to be fully staffed while many school districts across the country are experiencing a teacher shortage.

We have some big changes this year that I am excited to tell you about. We will be offering the option to order lunch. This is possible through a partnership with Clinton Public School and their food service company, Maschio's. Our families will have the opportunity to order and pay for meals/milk online. We will be returning to a more normal lunch/recess situation this year with all of our students eating and having recess during one class period (instead of the three periods that were used last year.)

We will be opening a new music room in the fall. Our old kitchen is now our new music room. Construction should be complete sometime in October. Mrs. Schaefer and the students will have a wonderful setting for both general and instrumental music classes and lessons.

We are working to develop additional after-school activities throughout the year. Our Girls on the Run activity will run in the fall and information on other clubs and activities will come home after the start of the school

year.

Our theme/motto continues to be **"Better Together!"** We will build upon the importance of being together and supporting one another in our journeys. It will be exciting to once again build on our core theme that we can be a better version of ourselves when we work together. Be on the lookout for more to come on this.

Last year we began the first phase of implementing **"Wingman"**, a social and emotional development program that promotes trust-building, team bonding, and camaraderie throughout the school. Wingman is student-led and features a program of experiential education activities that inspire empathy, courage, leadership, and connection. Using fun, purposeful activities to foster deeper conversations and stronger teams, the Wingman program leads to a more connected school community.

Our 5th and 6th-grade students will again receive training on how to lead these activities in September as well as model the core values of the program which are:

W- Winning isn't everything

I - Include everyone

N- Never shut someone down

G - Go above and beyond

S- Step up and take the lead

We are so happy to be continuing this amazing program that culminated in a whole school activity at our Field Day last year (see picture).

There are so many things that await the boys and girls this year and we are eager to get started.

Better Together,
Bruce Arcurio Ed.D.
Superintendent

SCHOOL UPDATES CONT'

NORTH HUNTERDON HIGH SCHOOL

A National Blue Ribbon School of Excellence

News from North Hunterdon-Voorhees Regional High School District

The 2022-2023 school year for the high school district began on August 25th. Welcome back to all students and teachers, and a special welcome to the incoming Class of 2026! We hope the freshmen have a great four years at North Hunterdon High School.

Good luck to all of the fall sports teams! Please check the high school

website for the athletic schedule and come out and cheer on our teams throughout the season. Football games we know residents like to attend are the Homecoming Game, which will be on Friday, September 30th at North Hunterdon, and the annual Milk Can Game against Voorhees that will be on Friday, October 21st at 7:00pm at North Hunterdon this year.

The North Hunterdon Theater Organization will be holding its Fall Show on October 20, 22 and 23. More details and ticket sales will be posted on the high school's website closer to October.

The North Hunterdon-Voorhees Regional High School District Board of

Education approved a bond referendum question to be on the November 8, 2022 election ballot. If approved, the referendum will fund no frills, necessary facilities upgrades and renovations at North Hunterdon and Voorhees High Schools to maintain safe facilities and improve energy-efficiency. The combined cost of the projects funded by the referendum is \$6.5 million. If approved on November 8, the district has been approved by the New Jersey Department of Education to receive up to **40 percent in state aid** reducing taxpayers' share. The Board has existing funds in its annual school budget for the remaining cost after state aid, and if used, would result in **no tax increase in any of the 12 communities we serve**. To learn more and view the list of projects in the referendum, please visit the district's website at: <https://www.nhvweb.net/referendum-2022/>.

SCHOOL UPDATES

CLINTON PUBLIC SCHOOL

It has been a busy summer at Clinton Public School! Between the Clinton Public Extended School Year students and the Town of Clinton Summer Recreation program, the building has been buzzing. The outdoor space renovation is well underway! Please enjoy the images below highlighting the progress.

Welcome to our new CPS staff members, Caitlin Reilly and Samantha Homan!

Caitlin Reilly graduated from Marywood University in Scranton, Pennsylvania in 2021 and moved back home to Hunterdon County to start her teaching career. Over the past year, Ms. Reilly taught inclusion preschool in a local school district and is currently the freshman girls' basketball coach at Voorhees High School. Ms. Reilly is extremely excited to meet her third grade class in the Fall and can't wait to share her passion for learning with her students!

Samantha Homan graduated with a B.A. from Alvernia University and most recently graduated with a M.Ed. from Clemson University. As a child, Ms. Homan loved learning about science and is thrilled to get to share that love of learning with her fifth and sixth grade students!

Upcoming Dates:

9/1/2022-Students Return!

9/5/2022--School Closed Labor Day

9/9/2022 PTO Carnival!

9/21/2022 Back to School Night Pk-4

9/26/2022 School Closed Rosh Hashanah

9/29/2022 Back to School Night Grades 5-8

During the 2022-2023 school year, as always, we will focus on student learning with renewed attention on the items outlined in our Strategic Plan that have been aligned to our curriculum. Our Strategic Plan was developed through multiple forms of feedback from parents, analysis of student data, and through staff/student input. We have ordered engaging new instructional materials for the 2022-23 school year that are awaiting student perusal and look forward to a year filled with discovery as we:

- Expand classroom libraries in K-4 for Guided and Independent Reading
- Attend Professional Development Sessions in K-6 Mathematics
- Explore Civic responsibility in grades K-8 as part of our new Social Studies Curriculum
- Build stamina for learning by nurturing the emotional well being of our students

Investing in our students is what the future of CPS is all about so we take the time to nurture and encourage their curiosity, wonder, and laughter.

HUNTERDON GAMES

On August 20th, an amazing event took place in Hunterdon County at Finn Park in Union Township. Eight area towns competed in a number of fun events! Lebanon Boro had the privilege of participating and all had an amazing afternoon! There were over 250 competitors aging from 7 to 70 and at least that many spectators.

The events included:

Kick Ball, Inflatable Joust, Giant Jenga, Spelling Bee, Hulla Hoop, Corn Hole, Pie Eating, Relay Race, Home Run Wiffle Ball, Name that Tune, Volley Ball and Tug of War

FREE food and water were provided by a number of area restaurants and businesses and Dr D was on hand to keep everyone entertained

A number of the Hunterdon Commissioners and Senator Cory Booker attended as well.

Lebanon Boro was the smallest town participating but was BIG in spirit and enthusiasm! We placed in a number of events and everyone from the Boro is excited about returning next year and improving our standing.

The planning has already started for next year and the event is expanding to include even more Hunterdon towns!

Do you have a SECRET SUPER POWER for naming tunes, spelling, hula hoop, corn hole or just want to have an awesome afternoon with your Lebanon family and other Hunterdon friends? Please reach out to Lisa Saharic at deputy@lebanonboro.com to make sure you are on the list for updates for next year's event.

LEBANON HAUNTED HOUSES

Do you know of a haunted house story for a Lebanon residence or building? The Recreation Committee is looking for stories to compile and have a fun event around them.

Please email Rec Committee member, Lisa Porcello at steppingbackward@yahoo.com with your story.

MAYORS WELLNESS CAMPAIGN

Fall Trail Walk—Saturday, October 22nd, 8 AM-WINDY ACRES just east of Lebanon Boro

The Clinton Township Trail is right off of Main Street. It was once part of two working farms. The property has a long history that is still evident today.

The Hike is rated moderate and will take about 2 hours. There are a variety of hills and occasional muddy conditions. Wear hiking footwear and attire.

Kids will enjoy finding the Sasquatch House on the trail.

Link to Windy Acres: <https://clintontwpnj.gov/windy-acres>

The Mayors Wellness Campaign is a statewide community health initiative directed by the New Jersey Health Care Quality Institute in partnership with the New Jersey State League of Municipalities.

Sellers

This is the market you've been waiting for. There are more buyers than there are homes for sale.

I'd love to help you maximize this opportunity.
